

iSMA-B-TC-7S

iSMA-B-TC-7S is a set of plastic terminal covers for:

iSMA-B-FCU,
iSMA-B-2D1B,
iSMA-B-2D.

It is recommended for controllers powered with 230 V. Easy to mount, ideally fitted for the controller, these covers will prevent short-circuiting or accidental contact which may cause electric shock or device damage.
